The District of Columbia Army National Guard

Is an Equal Opportunity Affirmative Action Employer

Technician Announcement Number: 05-718

Position: Machinist, 70291000

Brief Description of Duties:

Performs machining work required in the manufacture of castings, forgings, weldments, and other fabrications. Plans and lays out work. Studies blueprints, sketches, drawings, part models, and other specifications and instructions received with work orders to learn what is to be done; decides and plans how to do it. Sets up and operates machine tools such as lathes, vertical and horizontal boring mills, bench, plane, or universal milling machines, shapers, planers, internal and external grinders, thread grinders, and radial drills. Grinds and sharpens tools, and selects tools, jigs, and fixtures required to achieve specific dimensions, tolerances, and surface finishes. Performs precision handwork to finish, fit and assemble machined parts. Uses various bench-mounted and handheld powered and non-powered tools such as files, drills, reamers, and buffers. Performs heat-treating, welding, and soldering. Performs other duties as assigned.

Qualifications: WG-10

General Experience:

Experience, education, or training which demonstrates the candidate's ability to operate machine tools and their attachments; and to use measuring instruments and equipment. Must have a knowledge of the machinability of metals and other materials, and be able to read and interpret blueprints, sketches, work sheets or other specifications.

Specialized Experience:

Must demonstrate eighteen (18) months experience in which the following Knowledge, Skills, and Abilities (KSA's) as described below have been attained.

Knowledge, Skills and Abilities (KSA's) Statements

- a. Knowledge to perform the full range of machining operations on most types of conventional or computer numerical controlled (CNC) machine tools and their various attachments.
- b. Skilled in planning and laying out work from blueprints, worksheets, and drawings that may have missing or incorrect information.
- c. Skilled in determining work procedures, machine, tools, equipment, and attachments to be used; proper type and size of raw stock; sequence of machining operations, and the speeds and feeds necessary to attain the required finishes and tolerances.
- d. Ability to use precision measuring devices.
- e. Knowledge of a wide range of manual welding processes

**Current Unit assignment, MOS/SSI and Military grade must be included on application.
Incomplete application will not be considered for employment.**
